

# CHESS CLUB

## 2025/2026

Catalina is home to many card and board game playing groups, that enjoy the clubhouse cafes, lounges and mezzanines through the week to meet and play. Most of the groups are informal, welcome new players, happy to teach learners and retrain those that may have forgotten how to play. There are many opportunities so come along and make new friends from across the bay.

**EVERY WEDNESDAY**

**5PM - 7PM/8PM**

### **CHESS CLUB**

Firmly established in the bay area, the weekly chess club attracts players from beyond the bay and as far as Canberra. Informal and easy to join, the team at Chess Club would welcome anyone interested in the game, from young novices to committed competition players.

The team have their own Facebook page for you to reach out directly, or just come along and meet the team. The club move around the clubhouse, depending on other events and how big the group is for that week. They can be currently found in the Golfer's Lounge, adjacent to the Sports Bar, during winter months.
