

# GOLF CART STORAGE & ACCESS

Catalina Club currently operates a fleet of 55 golf carts available for hire. These carts are maintained to a high standard and can be hired for social play, competitions, and visitor use. Cart hire availability and booking procedures align with current information displayed on the Club's website, ensuring members and guests have reliable access to well-maintained carts.

Catalina Club maintains a set number of designated positions for privately owned carts, and all available spaces are fully allocated. To manage demand fairly, the Club operates two categories of golf cart allocation. The first includes 50 on-course stored carts, which are housed in the Club's cart shed for use by their owners. The second category includes 50 private carts that have course access only, allowing members to bring their carts on the day they play. Both allocation categories are at full capacity, and due to high demand, each has its own waiting list.

At this time, the Cart Shed Storage and Private Cart Access waiting lists are both closed.

For further information on how Catalina Club manages the cart policy, please review By-Law 10 in the governance library on the Board & Management page of the website. The club makes announcements about any availability within the fortnightly golf newsletter, so subscribe now!

## **Members Golf Course Locker.**

The Catalina Club has 90 onsite Lockers for Golf members; these lockers are suitable to store a standard set Golf clubs and Bag.

Currently all lockers have been allocated to golf members, there is an open waiting list for members to put their name on and when lockers become available, the member at the top of the list will be contacted.

Please contact reception to make enquiries regarding locker availability.
