OUR STORY

For more than 100 years, Catalina Club has been a cornerstone of the South Coast community. As our regional population and community spirit grew in the late 1800s, a small group of community members landscaped and built a racecourse, followed by a golf course in 1920, that attracted adventurous golfers from across the country.

Catalina Club is a golf course, Clubhouse and community built by devoted members and a pioneering South Coast community.

The 'Hanging Rock', which was situated just across the road from our Club, was a significant place for local indigenous people.

1920 • BILL'S PADDOCK

As European settlers began to populate the South Coast region, the land where our Club stands today was cleared to establish a popular racecourse with 'Bill's Paddock' at its centre. In 1920, Percy Bill gifted the paddock to the community to play golf, establishing Batemans Bay Golf Club.

1931 • 9-HOLE COURSE GAINS MOMENTUM

On April 28, 1931, national and local newspapers reported that the Batemans Bay Golf Club's annual Open Day as "very successful", particularly because "the club had got a roof over its head".

1956 • A GOLF CLUB REIMAGINED

Catalina Country Club was established after its namesake, the Catalina Amphibian Flying Boat PB7, as requested by real estate marketers LJ Hooker, who often flew clients to the area. The first Clubhouse was opened in 1956, while brothers Claude and Athol Manns continued developing the course.

1970 • UNITING A COMMUNITY

An extensive Clubhouse was opened in August 1970, with a billiards room, bars, dining areas, a pro shop and beer garden. The Club began forming a distinct identity in the community, and was recognised as a meeting place to dine, experience the South Coast and play golf. Throughout the 1970's, golf legends Kel Nagle, Greg Norman and Rodger Davis played the 18-hole course.

1990 • A DECADE OF CHAMPIONSHIP CHANGE

With a new course irrigation system, machinery sheds and workshop, office areas, bistro, foyer and 27-hole championship course, the Club continued to grow as an inclusive meeting place for members and visitors.

1999-2002 • CONSOLIDATING OUR COURSE

More than 400 new trees were planted in 2002 across the course to regenerate native flora and encourage fauna while new course maintenance practices were adopted. The course attracted the likes of professionals Wayne Grady, Jarrod Moseley and Ian Leggatt.

2006-2014 • A MODERN CLUB

In 2006, the Club's fascia was famously transformed with a bright, open and welcoming design. The Club was recognised as Eurobodalla's Employer of the Year in 2007 and received the 2013 South Coast Regional Award for Excellence. The Club amalgamated with the Batemans Bay Bowling Club before being sold in 2014.

2019 • ELEVATING OUR OFFER

In 2019, renowned golf architect Harley Kruse partnered with Catalina Club to redesign the 15th hole and prepare a golf course master plan. Meanwhile, the Clubhouse's main lounge, restaurant and lounge areas were modernised to reflect the interconnected, friendly and positive nature of the Club. On New Year's Eve, bushland surrounding the golf course was burnt in the devastating Black Summer bushfires.

2025 • A FUTURE FOR CATALINA CLUB

Catalina Club today strives to uplift its members, team members, visitors, environment and wider community. We plan to align our course and clubhouse to our ever-growing, diverse community with a refreshing five-year refurbishment beginning in late 2024. With more than 100 team members and 12,000 members, our Club strives to be the premium 'perfect place' to play, relax, dine and be entertained.
